Advantages of Interim Management

- ✓ Interim Managers are operational **on short notice**
- ✓ Interim Managers can master **crisis** and work under pressure. They bring **peace, security and confidence** into the team
- ✓ Interim Managers **take over project management/leadership positions** at first or second level and thus work effectively within the organization
- ✓ Interim Managers are deployed for a **limited period of time** - mandate duration and scope depend on project-specific requirements
- ✓ Interim Managers are **billed according to daily rates and only for days actually worked**, so costs are clearly calculable
