COLLEGE

***KIRA KHAZATSKY,
PRESIDENT & CEO OF JVS***

“ArLab encompasses the most critical aspects of successful workforce development strategies, including accessibility, barrier removal, strong training models, industry recognized credentialing, and deep employer partnerships. It’s a win for job seekers, employers, and the Commonwealth, and we could not be more excited for the impact it will have in this critical moment.”

***DR. RICHARD DECRISTOFARO,
PRESIDENT OF QUINCY COLLEGE***

“We have a deep understanding of the workforce needs of our region and have aligned our course offerings accordingly...that means JVS Boston clients can choose from a menu of course offerings designed to prepare them for entry into professionally satisfying and personally rewarding jobs in high-demand fields.”

What Is ArLab?

ArLab is a state-of-the-art career institute, providing hands-on training & skill development that equips people for careers in healthcare & biotechnology.
